To whom this may concern,

I have known Raymond Burke for the past three years as he has provided excellent pest control for my home. Mr. Burke provided consistent, quality care and treated my property as though he was treating his own home. He always took the extra time to explain things to me and my husband and went above and beyond what the minimal quarterly visits suggested. Mr. Burke has been a man of high integrity and reliability as demonstrated by always keeping appointments as scheduled, respectfully addressing me and my husband with any issues he found on the property, as well as demonstrating a deep concern for "doing the job right".

It is a privilege to continue doing business with Mr. Burke and SELF DEFENSE PEST CONTROL. I would highly recommend him and his services to any place of business or private homeowner.

Respectfully,

Grace
