To whom it may concern:

As a business owner and homeowner, I cannot fully express my gratitude for finding Raymond Burke of Self Defense Pest Control. He is thorough, takes care to explain his plan of attack and defense of pests and he doesn't charge out the nose to take care of his customers! Raymond has been exterminating my office for the past year and we are more than happy with his service. As soon as I had a problem pop up at my house, I did not hesitate to call Raymond.

My first born son was about six months old when one Sunday night my husband and I heard what we determined were rats in our basement. We live in an old house with many holes that we never knew we had until faced with such a scary and disgusting situation -- with a baby in the house! Needless to say, I was extremely upset and just plain terrified. I called Raymond very, very early Monday morning. He came to our house that morning and assessed the situation and obtained the appropriate supplies. That day, he addressed the many holes in my house and set the traps in likely traffic areas. The rats were all dead and gone by the next evening.

I highly recommend Raymond Burke of Self Defense Pest Control.

Sincerely,
