To Whom It May Concern:

Raymond Burke has been servicing our apartment buildings for over a year. During that time we have noticed a significant reduction of complaints from our tenants. In fact, we have received tremendous compliments on behalf of Mr. Burke's efforts in eradicating the pests, particularly from our more "infested" units.

Mr. Burke has been informative, courteous, and knowledgeable of his field; and he is always willing to give advice in regard to proper sanitation and preventive maintenance.

We have been greatly pleased with his work and highly recommend Self Defense Pest Control to whoever wishes to use his services.

Very truly yours,

Margaret Spencer
